these are Life, Liberty and the pursuit of Happiness.

> We, therefore, the Representatives of [~~the~~] these united States of America, in General Congress, Assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the Name, and by Authority of the good People of these Colonies, solemnly publish and declare, That these United Colonies are, and of Right ought to be Free and Independent States; that they are Absolved from all Allegiance to the British Crown, and that all political connection between them and the State of Great Britain, is and ought to be totally dissolved; and that as Free and Independent States, they have full Power to levy

War, conclude Peace, contract Alliances, establish Commerce, and to do all other Acts and Things which Independent States may of right do. And for the support of this Declaration, with a firm reliance on the protection of divine Providence, we mutually pledge to each other our Lives, our Fortunes and our sacred Honor.

Did this originally read

We, therefore, the Representatives of these united States of America

Did they steal from us by changing it to (the united States of America)

and then to (THE UNITED STATES OF AMERICA)

I even heard that it was written like this

We, therefore, the Representatives of (these united States for America)

using logic

the pattern used all through the document they would have not changed this pattern on the original from these to the

united States –united is not capitalized as it should be

The Battle in this country today is not for a new world order

Its back to the Simple country of

((these united States (of or for) America))?

it also states

Free and Independent States;

Free and Independent States can not be part of –the united States — isn't this a captured group?

Can only be a part of these united States of America? Free and Independent?

as Free and Independent States, they have full Power to levy War,

conclude Peace, contract Alliances, establish Commerce, and to do all other Acts and Things which Independent States may of right do.

And for the support of this Declaration, with a firm reliance on the protection of divine Providence, we mutually pledge to each other our Lives, our Fortunes and our sacred Honor.

President TRUMP Said on his first day at work is is giving the power back to the people

I don't think he meant to the Sheep

He implemented many executive orders

the district of Columbia is a foreign country

we can legally reclaim this land and take out its power over us

Its past time to invade and seize the land and power and return it back to the people peacefully from this foreign country

We do this in our State Legislative Branch by us to peacefully assemble

This does not mean to show up on the capital steps with signs and ETC.

It meant to petition in writing you demands and submit it to the State house

Click the link in blue above and download the PDF change my name and state and use this in your state

they will investigate it and if warranted the will the send it to the State senate

And it will get voted on

If we make a clean argument on this we will get our Freedom and country back

People Expand on what I'm am Saying on all of these posts
